### **How to respond to an employer who is requiring employees to take the vaccine.**

"I write with regard to the matter of potential covid vaccine and my desire to be fully informed and appraised of ALL facts before going ahead. I'd be most grateful if you could please provide the following information, in accordance with statutory legal requirements:

- Can you please advise me of the approved legal status of any vaccine and if it is experimental?
- Can you please provide details and assurances that the vaccine has been fully, independently and rigorously tested against control groups and the subsequent outcomes of those tests?
- Can you please advise of the full list of contents of the vaccine I am to receive and if any are toxic to the body?
- Can you please fully advise of all the adverse reactions associated with this vaccine since its introduction?
- Can you please confirm that the vaccine you are advocating is NOT 'experimental mRNA gene altering therapy'?
- Can you please confirm that I will not be under any duress from yourselves as my employers, in compliance with the Nuremberg Code?
- Can you please advise me of the likely risk of fatality, should I be unfortunate to contract Covid 19 and the likelihood of recovery?

Once I have received the above information in full and I am satisfied that there is NO threat to my health, I will be happy to accept your offer to receive the treatment, but with certain conditions – namely that:

- You confirm that I will suffer no harm.
- Following acceptance of this, the offer must be signed by a fully qualified doctor who will take full legal and financial responsibility for any injuries occurring to myself, and/or from any interactions by authorized personnel regarding these procedures.
- In the event that I should have to decline the offer of vaccination, please confirm that it will not compromise my position and that I will not suffer prejudice and discrimination as a result.
- I would also advise that my inalienable rights are reserved.

### **Sample Letter for Personal Religious Exemption to Vaccine Based on the New Testament**

I hereby assert my right to a religious exemption from vaccination. I am a Christian who believes in the Bible, including the teachings in the New Testament.

I am objecting to Covid-19 vaccines because I believe in and follow God and the principles laid out in His Words and I have a deeply held belief that vaccines violate them. I sincerely believe that all human beings are image bearers of God, and this concept affirms the unique value of all human life. Mindful of the Sixth Commandment "You shall not murder" (Ex. 20:13), I believe that abortion is gravely wrong at every stage. Furthermore, I believe a physical body is given to each of us by our loving Heavenly Father. He created it as a tabernacle for our spirit to assist each of us in our quest to fulfill the full measure of our creation. Specifically, the New Testament teaches that: "Don't you know that you yourselves are God's temple and that God's Spirit dwells in your midst?" (1 Corinthians 3:16) "If anyone destroys God's temple, God will destroy that person; for God's temple is sacred, and you together are that temple" (1 Corinthians 3:17).

The Pfizer and Moderna COVID-19 vaccines in early development of mRNA vaccine technology used fetal cells for "proof of concept" (to demonstrate how a cell could take up mRNA and produce the SARS-CoV-2 spike protein) or to characterize the SARS-CoV-2 spike protein. The non-replicating viral vector vaccine produced by Johnson & Johnson required the use of fetal cell cultures, specifically PER.CG, in order to produce and manufacture the vaccine.

This mechanism for altering my God given body is the equivalent of a prohibited "unclean food" that causes harm to my conscience. Covid-19 vaccines to me are unclean. I believe in and follow God and the principles laid out in His Words and I have a deeply held belief that these vaccines violate them.

I make this request for the glory of God and consistent with my faith.
